Financial Advisor refers to a person who represents GPWM as a registered agent and is licensed to deal with the general public.

In consideration of GPWM buying, selling and generally dealing with and trading in securities including agreeing to operate and maintain any account(s) for "you" the client, you agree that this agreement and any other applicable agreements will govern all matters pertaining to all of your accounts with GPWM, including any accounts opened in the future or any accounts which you have an interest in jointly.

The term securities include Mutual Funds, Government Bonds, Canada Savings Bonds, Principal Protected Notes and Guaranteed Investment Certificates

SECTION 2 APPLICABLE RULES AND REGULATIONS

All activity in this account is subject to the rules and regulation of the securities industry, as applicable, the laws of the provinces in which we do business and the laws of Canada.

SECTION 3 HEADINGS AND PLURAL

The headings used in this Agreement are for convenience of reference only and shall not in any way affect its interpretation. In this Agreement, where the singular is used it shall include the plural and vice versa. Where the masculine is used, it shall include the feminine.

SECTION 4 OPERATION OF ACCOUNT

You are responsible for and acknowledge all orders placed by GPWM in your account and you must pay for the order at the time the order is placed. You are responsible for all commissions and other charges, if any, payable in respect of your orders. GPWM will only accept a redemption request from you for a security if the initial purchase of that security has been settled with the company and confirmed in your account.

For its own protection and without prejudice, GPWM has the sole discretion to reject any transaction requested by you in your account for legal, regulatory or eligibility reasons. GPWM reserves the right to set its own deadline to guarantee the receipt of next available net asset value. GPWM may change the deadline without a notice to you.

GPWM will only transact purchase orders for approved companies. For unapproved companies, GPWM will only accept redemption requests. Additionally, GPWM does not guarantee (a) timely payment of distributions; (b) next available net asset value; or (c) fixed settlement dates.

GPWM will transact a purchase order only if the applicable security is fully registered for sale in the jurisdiction of your residence.

For mutual fund securities, GPWM reserves the right to charge fees or commissions that are not noted in a fund company's prospectus. GPWM shall communicate such fees in writing to you at least 60 days prior to charging such fees. In addition, GPWM reserves the right to set its own minimum purchase or redemption amount, which may differ from what is noted in the fund company's prospectus.

SECTION 5 OTHER AGREEMENTS

This Agreement shall be construed in conjunction with any other agreements between GPWM and you in connection with the account, provided that, to the extent necessary, the terms and provisions of this Agreement shall supersede the terms and provisions of all other agreements with GPWM, whether or referred to herein, except that this Agreement in no way limits or restricts any other rights which GPWM may have under any other agreement or agreements with you. None of the terms and conditions of this Agreement may be waived or changed without agreement in writing signed by you and an authorized officer of GPWM. If any applicable rules and regulations are enacted, made, amended, or otherwise changed with the result that any term or condition of this Agreement is, in whole or in part, invalid, then such term or condition will be deemed to be varied or superseded to the extent necessary to give effect to such applicable rules and regulations. Any term or condition of this Agreement which notwithstanding any such variation is invalid shall not invalidate the remaining terms. A form of LTA as prescribed by GPWM must be completed by the account holder and the financial advisor and approved by an authorized officer of GP Wealth Management.

You acknowledge that you are bound by any actions taken by GPWM or your Financial Advisor and agree to indemnify GPWM against any and all actions, liabilities, damages, costs that may arise as a result of GPWM relying on this authorization. Such authorization is valid until cancelled by you by written notice to both, GPWM and the Financial Advisor. The authorization expires, among other conditions, on your death or mental incapacitation.

This information generally indicates your understanding of investment products and financial strategies, and we record the information in 4 broad categories explained below:

We then use this information to help determine if an investment is suitable for you given the time period you have indicated in holding the investment. You may have more than one plan with us with a different investment time horizon for each plan. We record information about your investment time horizon by you choosing one of six options:

Less than 1 year	3 to less than 5 years	10 to less than 20 years
1 to less than 3 years	5 to less than 10 years	20 years or more

INVESTMENT OBJECTIVES

We document and use this information to ensure that your financial goals can be met with the investments you own and are being recommended for you. We record the information about your investment objectives in four categories and ask you to apportion the investment objective percentage(s) of the plan accordingly. You may have more than one plan with us with different objectives indicated for each plan.

We use this information to ensure that your financial goals can be met with the investments you own and are being recommended for you.

Investment Objective	Description
Safety	This would be the portion of the portfolio in your plan that you cannot afford to lose any value regardless of your risk tolerance, typically invested in GICs, term deposits, daily and high interest savings accounts. This objective indicates a desire for "guaranteed income" in the type of investments suited to meet your needs.
Income	This would be the portion of the portfolio in your plan that is invested in securities such as fixed income products that produce interest income or common shares that produce dividend income. This objective indicates a desire for "interest income" and "dividend income" in the type of investments suited to meet your needs.
Growth	This would be the portion of the portfolio in your plan that is invested in common shares that provide for capital appreciation of assets and produce capital gains. This objective indicates a desire for "growth" in the type of investments suited to meet your needs.
Speculation	This would be the portion of the portfolio in your plan that is invested in assets where the investor is willing to lose up to 100% of the investment, typically invested in exempt market products and venture capital funds. This objective indicates a desire for "aggressive growth" in the type of investments suited to meet your needs.

RISK TOLERANCE

We document and use this information to ensure that your financial goals can be met with the investments you own and are being recommended for you. When asking you to indicate your risk tolerance, we record it in six (6) categories and ask you to apportion your Risk Tolerance for your plan accordingly.

Your Risk Tolerance will be determined by assessing both your Risk Capacity – your ability to withstand losses, and your Risk Attitude – your willingness to accept risk. It is important that your risk tolerance be the lesser of your ability to withstand losses and your willingness to accept risk. Keep in mind, while higher returns are generally associated with higher risk, higher risk investments may not achieve higher returns.

Risk Tolerance	Description
Very Low	For an investor seeking an expected rate of return and with a very low risk of losing money over the short to long term; typically for Daily and High Interest Savings Accounts, Treasury Bills, Term Deposits (GIC's).
Low	For an investor seeking an expected rate of return sufficient to provide some current income with a low risk that they will lose money in ordinary circumstances over the medium to long term; typically for Money Market Funds, many Canadian Fixed Income Funds, Municipal, Provincial and Federal Bonds and Mortgages.
Low to Medium	For an investor expecting less than normal returns, but with a low risk, although higher than the "low" category, of losing money over the medium to long term; typically for Asset Allocation Funds and Balanced Funds, although some Equity Funds may qualify.
Medium	For an investor expecting normal rates of return from equity investments with a normal amount of risk; typically for Canadian and North American Equity funds, as well as Global Large Cap Equity Funds.
Medium to High	For an investor seeking slightly higher than normal rates of return and willing to undertake above average risk to achieve that; typically for Equity Funds that invest in specific countries (emerging markets) or specific sectors of the economy.
High	For an investor seeking higher returns and is willing to take a substantial risk that they will lose money; typically for Equity Funds that invest in specific countries (small cap stocks in emerging markets) or specific sectors of the economy (small cap or venture capital).

We then rank all approved products for their combined risk factors and compare the product risk with your stated risk tolerance to ensure that your holdings meet your stated risk tolerances.

Please ask your Financial Advisor if any of the terms above require greater clarity before responding.
